Six Big Railroad Unions Ask Conference With Road Presidents

TRIAL HELD IN MOTION PICTURE THEATRE

LOGAN, W. VA., October 14.—Logan county disturbance defendants today continued their testimony begun yesterday in support of an application for admittance to bail, following postponement of their trials the day before until the January term of circuit court. When Judge Robert Bland this morning ascended the improvised bench in a motion picture theatre, serving as court room while the county building is being repaired, it was brought out that the hearing would be concluded probably today. The taking of testimony was made necessary by the prosecution's objection to the release on bond of 18 of the 31 men who appeared for trial Wednesday.

The regular grand jury has added a number of indictments to those returned several weeks ago by a special grand jury and the total now exceeds 600. The charges range from murder to "looting" and resulted from U.S. orders in Boone and eastern Logan counties late in August and early in September, when eleven men were killed.

Most of the defendants heard so far have testified they were unwilling participants, but the prosecution has sought through questioning to show that they made no effort to shrink the tasks assigned to them by men whose names they gave as "Blanton, Thompson and Caffrey."

Opposum On A Spree; Bares Still

CHATTANOOGA, TENN., Oct. 14.—Failure of an opossum to play up to his name resulted in the discovery yesterday of one of the largest illicit distilleries ever found in this section, according to revenue officers. When attention was first called to the inability of the animal to pursue a straight line of retreat, the raiders thought it was ill. One of them, however, pursuing the rules of investigation laid down in best detective narratives, captured the fugitive and scolded its breath.

The still, erected on a concrete base, had a capacity of 250 gallons.

RAIL CRISIS MORE ACUTE BY DECISION OF BOARD

CHICAGO, October 14.—Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, today requested a conference with railroad executives, in session here, on behalf of the six big railroad unions, which have voted to strike.

Officers of sixteen railroad unions went in session shortly before noon at one hotel, while more than 100 railroad presidents met at another.

The railroad presidents notified Mr. Stone by telephone that his letter would be considered at their meeting. When the road executives met it was understood they would vote to ask the United States Railroad Labor Board for further wage reductions, promising to pass all future cuts along to the public in lower freight and passenger rates.

The railroad crisis was rendered more acute this morning when the Labor Board handed down a decision providing for the restoration of piece work. The railroad presidents were jubilant, while union leaders feared the effect on their men, more than 80 percent of whom have already voted to strike, rather than accept further wage reductions or rules which they oppose.

ALMOST STARVED FOR LACK OF MATCH

TIKOKAN, ONT., October 14.—A Dr. Graham Chambers, Toronto physician, rescued after being lost for two weeks in the woods, almost starved to death for lack of a match.

Dr. Chambers arrived here last night on a litter strapped to the back of a motor boat, weakened from cold and hunger. He said he had seen plenty of partridges and that he had not lacked for ammunition, but refrained from shooting any birds because he was convinced he could not eat them raw.

When found by two Indians, Dr. Chambers finally had shot a partridge and was sitting under a tree, trying, but vainly, to force himself to eat the raw flesh.

His feet were badly blistered from tramping through the bush, though he said he had not done much tramping after the first day, when he realized he was lost and was in danger of going further into the woods. He said one of the arrows engaged in the search for him had flown over the spot where he was standing, but that he was unable to attract the flier's attention.

Railroad Executives May Aid Agriculturalists

CHICAGO, October 14.—Immediate reduction of freight rates on agricultural products for a trial period of from 60 to 90 days, pending further wage reductions, was one of the proposals presented to high railroad officers at the conference of the Association of Railway Executives today.

A general policy of wage and freight rate reduction was the dominating topic under discussion. Realization that the legal steps necessary to lower wages and transportation charges would delay any benefit to the public indefinitely was said to be responsible for a definite proposal to aid agricultural production.

According to railroad officials a temporary reduction of rates on farm products was thought to be possible with comparatively little delay. A tentative reduction of ten percent was suggested.

Meanwhile the roads would take up wage negotiations with their employees and if unable to obtain an agreement to reductions, would take the question to the railroad labor board.

A decision by the board to allow further reductions would then mean immediate application to the interstate commerce commission to reduce freight rates on all commodities.

If the attempt to reduce wages was unsuccessful it was proposed to restore the present rate on farm products.

Provides Restoration Of Piece Work On Railroads

CHICAGO, October 14.—The United States Railroad Labor Board today authorized the railroads to open negotiations with the unions for the restoration of piece work barred by rule one of the shop craft national agreement entered into under the former railroad administration.

The board today handed down a supplemental decision amending several more rules of the shop crafts agreement. The opinion was given in the case of the Chicago and Northwestern Railway Company against the railway employees' department of the American

Should Regain The Confidence Of Community

Fined On Charge Of Manslaughter

PONCAIR CITY, OKLA., Oct. 14.—Legal procedure, said by local attorneys to set a precedent, was recorded here when a jury in district court, which had heard evidence against Napoleon Buffalo-Head, wealthy Indian, charged with killing his wife, returned a verdict of guilty of manslaughter and assessed a fine of \$1,000.

The jury is understood to have stood originally ten to two for acquittal. Unable after several votes to agree, the fine was accepted as a compromise, according to jurors.

PRESS CONGRESS IN SESSION

HONOLULU, October 14.—President Walter Williams, of the Press Congress of the World, now in session here, today appointed a committee charged with the duty of perpetuating the Pan-Pacific Press Congress as a division of the world body and allotted to it a suggested program, of which one feature was action as an agency for interchange of accurate news concerning the Pacific peoples. This work, it is declared in the program, would serve as an instrument for making the future of the Pacific regions peaceful.

SPRINGFIELD, O., October 14.—Sherman Rogers, of New York City in speaking to the delegates to the Ohio Association of Real Estate Boards this morning on "the fifth link in industry" said that he wished the realtors upon their return home would start action toward regaining the confidence of the home community on home building values. He advocated the appointment of committees representing the various interests and study the statistics showing prices of material eighteen months ago and now. As far as labor is concerned he said, he would convince labor leaders that the time had arrived when labor should deliver one hundred percent of service for every dollar of wages instead of only sixty-five percent service as they have been delivering during the past few years.

C. A. Dyer, Columbus, spoke against single tax and L. T. Palmer, Middletown, presented a report showing the success achieved by the Ohio Associates Company in the last year. This afternoon Thomas V. Woman Deeds Son To Another

TAMPA, FLA., October 14.—A warranty deed formally transferring ownership of a small boy from one woman to another has been placed on record here. The deed shows the transaction took place last January in Hardin county, Texas. Mrs. Nettie Davis deeded her three months old son to Mrs. Norma L. Wilson. Mrs. Wilson recently moved to Tampa and had the deed recorded to prove her ownership.

Court house officials declare that in their opinion the deed is illegal in that it is unfair to the child and deprives him of the rights of heritage as provided in papers of adoption. In the event of the death of Mrs. Wilson before the boy is of age, officials say, he would pass as a chattel and become part of the estate, if the transaction was held legal.

CHARLESTON, W. VA., October 14.—Federal troops of duty in the Southern West Virginia coal fields, recently the scene of disorders along the Logan-Boone county border, will be withdrawn probably within the next month, according to Adjutant General John S. Churnock, who announced yesterday that he expected the West Virginia National Guard would be completely equipped and organized by that time.

The organization of seven companies already has been completed. General Churnock said, "while these companies will be inspected next week for acceptance by the federal government. The maximum strength of the guard for 1921 was fixed by the government at 1,420 officers and men and the minimum at 840.

The indictment was brought about by a ministers' alliance that began a crusade against gambling and other forms of vice that are said to have flourished unimpeded in Newport for two years.

Chief of Police Brigel also was indicted.

Prosecuting Attorney James A. Bills has announced. The prosecutor added that he was not certain that the case would be called at the January term. The Burkett boy shot the little lad while they were at play last Thanksgiving day.

COUNTERFEITERS AND RUM RUNNERS FLOOD NATION WITH BOGUS MILLIONS

WASHINGTON, Oct. 14.—Counterfeiters and bootleggers, working together, have brought about the most serious false money crisis the Treasury Department has ever faced.

Cellar engraving plants in big cities all over the country are pouring out an endless flood of counterfeit bank notes, reaching into the millions. Bootleggers and rum runners use the bogus money to pay for the liquor they buy from mountain moonshiners in the south and liquor dealers on the Canadian border.

These victims spread the false money broadcast. Almost daily the secret service staff of the Treasury Department uncovers a new counterfeit. But no sooner have the false notes been rounded up than the engraving plants pour forth a fresh supply.

Co-operation between counterfeiters and bootleggers has permitted the counterfeiters to float poorer notes and in greater quantities than ever before. Here's how it works:

A bootlegger goes to the mountains of Tennessee to buy up a consignment of moonshine. The moonshine is delivered and the purchase price paid in a forest under cover of night.

The moonshiner has no chance to examine the money. And it's not probable that he'd detect its falseness if he could.

Later, when the moonshiner's false money is detected at a store or bank, he doesn't dare complain. So he takes his loss and says nothing.

It works similarly on the Canadian border. Canadian bankers and merchants aren't as familiar with American money as bankers and mer-

CHECK UP CONTENTS OF YOUR PURSE!

KEEP your eyes open and you can prevent your being victimized by counterfeiters who are flooding the nation with bogus millions.

The secret service staff of the United States Treasury Department says: "Scrutinize all bills closely. Hold a genuine note to the light and observe the fine silken texture. If you receive a note with coarser texture or with blurred outlines on the design it's open to suspicion.

You can detect raised notes by remembering that \$10 bills bear a picture of Jackson, \$20 of Cleveland, \$50 of Grant, \$100 of Franklin and \$500 of Marshall.

"Don't depend too much on the 'ring' in detecting false coins. Run your fingers over the surface. If they stick, the coin's genuine. If they slide easily, it may not be."

chants on the U. S. side, and the counterfeit bills travel a long way before they're detected. Then their source can't be traced.

Two methods of counterfeiting have been used most during the past few months.

One is raising bills. That means making a \$10 or \$100 bill out of a \$1 by pasting one or two ciphers after the "1." This usually is very clumsily done and can be easily detected.

Many combinations are possible in "raising." Two-dollar notes are raised to \$20 and \$5 to \$50.

Hundreds of raised notes of \$20, \$50 and \$100 denominations are in wide circulation today.

The other method is splitting a "real" bill into two parts, pasting two halves of a counterfeit bill on the two genuine halves and thus making two bills out of one, each with one side that will pass muster at the most exacting bank.

Thousands of dollars in bills of this type recently were put into circulation by a counterfeiting gang at Philadelphia.

Counterfeiters usually work in groups with each member assigned his own special task.

Counterfeiting is confined largely to bills, although a few old hands are still making counterfeit coins. These are produced from molds and are more easily detected than bills.

SUNDAY SCHOOL CONVENTION OCT. 20-21

A special effort is being made to have a big attendance of young people at the Scioto County School Convention to be held next Thursday and Friday, October 20 and 21 at the First Christian church.

Young people—will be there. Every young person in Scioto county should be there.

The officers have secured interesting speakers who will give able talks for you. Get in line—come on to the meetings.

You have heard of the big State Young People's Conference in Middletown this week. Did you get to go? No? Well then here's where you want to come—to the Scioto County S. S. Convention at the First Christian church next Thursday and Friday, October 20-21. Why? Why there's to be an echo there of many of the good things given at the Middletown conference this week. Miss Alice May, of the State Young People's Department, is to be there with a message for young people, filled brim full of interesting things.

Are you an officer or a member in a Young People's Class? Are you a

worker among young people? Have you problems to solve or difficulties to overcome? Then the Sunday school convention next week is the place for you. There in the Divisional Institute period you will find those who have met like problems and have overcome them, and who will be glad to pass on their solutions to you. State experts in their line will be there to help you. Two of Scioto county's greatest Y. P. leaders have a place on the program. Miss Wally on "Girls' Work," and Mr. Dowling on "Boys' Work." If there's any one who knows about boys' work, Dowling's the man. Come hear them.

You young people of Scioto county, do you know who your presidents are? No, we don't mean President Harding, but—Katherine Ridenour, the president of the Girls' Conference and Fred Price, president of the boys. Come get acquainted with them—they're just what Scioto county's been needing and they'll be glad to know you.

Young people are we going? I'll say we ARE. Meet me at the S. S. Convention, First Christian Church, next Thursday and Friday, October 20-21. We'll all be "thar."

MISS PEARLE EICHELBERGER, Assistant Superintendent.

COURT HOUSE

Final Account Filed
The first and final account of Anna Kathryn Rabb, administratrix, with the will annexed, of the estate of the late John A. Rabb, deceased, filed in probate court Friday shows receipts of \$18,305.62 and expenditures of \$1,493.89, leaving a balance of \$16,811.73 for distribution to the legatees.

Second Effort To Secure Divorce
Alleging neglect, Wilbert E. Lyons, former Madison township farmer, now living in Columbus, seeks a divorce from Zella Lyons in an action instituted in the Franklin county courts recently through Attorney W. E. King, Columbus.

In his petition the plaintiff says that at the time of the marriage, on February 28, 1920, he was the owner of a farm of 120 acres in Madison township and then claims the defendant was a girl who had a country life experience and knew farm life and the duties devolving upon a farmer's wife. He alleges that she refused and neglected to discharge any of the duties belonging to her home and to the home life upon the farm, asserting that she refused to cook, wash or mend, besides, Lyons claims, he was compelled to churn, make apple-butter, can fruit and do practically all such work in addition to his daily work in the fields. Lyons further complains that the wife grew indifferent toward him and left him twice, first in March, 1920, and the last time in January, 1921, without fault on his part and has since failed and refused to return, although he has opportunity and endeavored to persuade her to come back to him, he says.

He asks for a divorce and that the defendant, who is in poor health at the home of her parents in Madison township, suffering from tuberculosis, be divested of all interest in his property.

A similar action instituted in the local Common Pleas court by Lyons a few months ago was dismissed by the court.

Criminal Docket Gets Lighter

At the conclusion of the rag-stealing case heard in Common Pleas court Friday afternoon Judge Stephenson excused the jurors from further service until one o'clock next Monday when the first of the tail end of the cases on the criminal docket assigned for trial will be heard. The case to be heard Monday is that of Thomas York, New Boston man, indicted by the recent grand jury for alleged gun toting.

George Zornes of Fifth street, young ice deliveryman, is scheduled to be brought to trial on a charge of cutting with intent to kill Tuesday morning and the case of Fred Tackett, assistant foreman of the N. & W. wreck crew, who is also charged with cutting with intent to kill, will be put on trial Wednesday morning.

Zornes is alleged to have cut George Collins following an altercation at Sixth and Chillicothe streets one night a few weeks ago and Tackett, it is claimed stabbed William J. Callahan, machinist, during a fight which occurred at East Portsmouth on the afternoon of September 12 last.

Attorneys Blair and Blair represent Zornes and Attorney Horace L. Small has been retained to defend Tackett.

Service Terminated for Present

Judge Will P. Stephenson of West Union terminated his service on the local bench for the present, Friday afternoon and he will leave for home Saturday morning. During his stay of almost a week here the Adams county jurist heard several cases on the special docket and presided over a number of jury trials. He was accompanied here by his wife, who was the guest of local relatives and friends during the week.

Says Her Relatives Interfered

In his answer to the divorce and alimony suit of his wife, Olive McGuire, Sciotoville, Daniel McGuire, 1740 Gallia street, through Attorney Joseph T. Nicklethwait, denies her charges and after stating that he has always treated the plaintiff as a faithful and dutiful husband should treat a wife, declares that had it not been for the interference of some of her relatives they might still be living together happily.

Tabor Charged Plea: Fined.

When the case of George H. Tabor, 21, Seventh and Boundary streets, brickworker, charged with assault and battery upon Joseph G. Steagall on June 10 last, was called for trial in Common Pleas court Friday morning, the accused changed his plea from not guilty to guilty. Judge Stephenson imposed a fine of \$25 and costs and sixty days in jail, but the court suspended the jail sentence pending good behavior and gave the defendant thirty days in which to pay.

Statements made to the court by Prosecutor Sheppard and Judge A. Z. Blair, who represented the defendant, disclosed that the trouble grew out of Tabor taking Steagall to task for accusing him of being connected with the making of moonshine liquor at a house in the East End and that in the altercation which followed Tabor showered Steagall with bricks, one of which struck the latter in the side injuring him.

ENJOY BANQUET

More than 125 men of the Second Presbyterian church were in attendance at the annual banquet and get-together meeting of the Men's Bible Class of the Second Presbyterian Sunday school Thursday evening. The big meeting was held in the basement of the Sunday school, where the ladies of the church served a several course chicken dinner.

The splendid menu was followed by music played by a string orchestra. The musical numbers were greatly enjoyed.

Then came a speaking program with the class President, George E. Carlyle, introducing Fred B. Winter, as the toastmaster of the evening. In his opening remarks Mr. Winter spoke of the teacher, Attorney E. F. Kimble, and the President, George E. Carlyle, and complimented the class on having such splendid leaders as these two men. The toastmaster also spoke briefly on Armistice Day and at the conclusion of his introductory remarks a resolution was passed proposing that Armistice Day be made a holy day.

Mr. Winter then introduced the pastor, Rev. Hugh I. Evans, who chose for his subject, "Leadership."

He discussed leadership as a big job that means hard work all of the time, and in his remarks said "Men's organizations are for the men of the church, that they may be bound together. Unity, truth and service are the objects of the organization." Albert Marling was the other speaker of the evening. He told the men of his recent trip abroad giving those present some idea of the business and home-life of the inhabitants of the British Isles and European countries he visited. Before closing the class tendered a vote of thanks to the committee on arrangements, headed by W. J. Patton.

The membership fee is \$2.00 for the season, and anyone desiring to become a member will be welcomed at the first meeting next Monday.

Fisherman For Seven Years Discovers He's Rich When Mother Locates Him

By NEA Service
HAVANA, Cuba, October 11.—A fisherman for seven years, without knowing his surname and believing his parents dead, Marcelino Dumont is today a millionaire.

And his mother, who found him at Punta Alegre, after a search almost around the world, says she is the happiest woman on earth.

The story of Mrs. Dumont's frantic search for Marcelino and his sister, Marcelina, now holds to a large fortune, her, what was wrong, and his sister came to light today. Mrs. Dumont, 13, and the interpreter called out to him: "This is mamma."

Years ago when the children were little tots, they were lost from their home in the United States.

Seven years ago they separated, Marcelino, at last I've found him. I know Maria going to South America and him by this mode."

Marcelino coming to Cuba, where he went to work as a fisherman.

In the meantime the father had died, leaving a fortune estimated at more than a million, and the mother started a search to find her children. The daughter was finally traced to South America, and through her the son was located here.

Recently Marcelino, in ragged clothes reeking with the smell of fish, hopped from his tiny fish-laden craft into the water and waded ashore. A well-dressed woman was waiting for him, his mother, though Marcelino didn't know.

Mrs. Dumont spoke no Spanish and Marcelino no English. What a d d that mother! Crying with joy, the mother clasped the grinning fisherman to her breast and wept.

Not understanding search for Marcelino and his sister, Marcelina, now holds to a large fortune, her, what was wrong, and his sister came to light today. Mrs. Dumont, 13, and the interpreter called out to him: "This is mamma."

Mrs. Dumont then pulled Marcelino's shirt open.

"Yes, it's my son," she cried. "Marcelino, at last I've found him. I know Maria going to South America and him by this mode."

**Veterans Get
Preference
On P. M. Jobs**

WASHINGTON, Oct. 11.—A fixed policy giving preferential consideration to postmaster job applicants who are veterans of the world war was inaugurated by President Harding today by executive order.

The civil service commission was directed by the order to add five points to the examination rating of every prospective presidential postmaster who had been in the government service during the war. In addition the president ordered that any limitations he waived in such cases and that the period of service during the war be reckoned as a part of the required length of business experience.

A GREAT DISCOVERY
Thousands Bless Dr. Leonard, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, its because you haven't heard of the new treatment known as Dr. Leonard's HEM-ROID.

The Doctor's treatment is internal. It covers the exact cause of piles and then went further and compounded a remedy that would remove the cause. Dr. Leonard wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, Warner Bros. and all druggists are authorized to sell HEM-ROID with a guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonard's HEM-ROID today. —Advertisement

Billy Allen Presents "The Three Romeos"

Billy Allen and his Musical Comedy Company presented "The Three Romeos" for the first time at the matinee at the Sun Theatre Thursday. This play was shown at matinee today and will be shown again tonight and on Saturday night. Cinderella will be given at the Saturday matinee only. The whole city knows by this time that when they go to the Sun Theatre to see Billy Allen that they are going to be highly entertained by a fast, funny, gorgeously costumed and produced musical comedy, and come away enthusiastic and delighted. "The Three Romeos" is equal in all ways to its predecessors. Billy Allen will be serenadingly funny. The male quartette will harmonize again; little Gladys Briggs will present a beautiful Chinese specialty, and an unusual electric novelty will be shown in the second act. Three new Living Art Studios are to be posed by the young and pretty chorus and high comedy liberally added by the entire cast. Cinderella, an exquisitely done musical play, is to be produced at the Saturday matinee only. Don't miss this.

Tanks Are Strengthened For Charleston

The Ironton Register Thursday said: The Tanks are unlimbering their heavy artillery for the anticipated fray of next Sunday afternoon, in which they will have the money and windage for selling their rights on the big Charleston, W. Va., eleven, their chief objective. The big Reds will step out with all the confidence necessary to take charge of the visitors and before that they have strengthened their club so considerably by training the material at hand and the addition of new men that they will make an almost insuperable task look comparatively easy.

SHINES ONLY 5c

We are taking the lead in reducing prices, and now have the further pleasure of announcing to the public that the price of shoe shines is but

5 Cents
Every Day in the Week—
Sunday Included

When we opened our new quarters at 417 Chillicothe street the prevailing price for shoe shines was 15 cents. That was too much and we reduced the price to 10 cents. We have now decided to charge but 5 cents, and we are pleased to be the first to follow the lead of the large cities. We believe in living and let live and because of that fact we are going to give the people of Portsmouth what they have been looking for. Because we have reduced our price, is no reason why we intend to cheapen our work. It will remain at its present high standard—the best work in the city. Come and patronize us. **IMPORTANT NOTICE**—We have also reduced the price of cleaning and reblocking hats. Former charge was 50c, 75c and \$1.00—our price now 35c.

Come and see us when you want a shine or your hat cleaned—we'll treat you right.

TO THE PUBLIC—When the Palace Shoe Shine Parlors were opened some time ago, I was a half owner of the same. I insisted that prices be reduced to 10c, but before that was done it was necessary for me to buy out my partner. This I did, paying him \$1800 for his share. I did this because I want to live in Portsmouth and look every person in the eye. I believe in Portsmouth—I am here to stay and see to it that the people are given an honest, square deal. It is my policy to be of service—and at the same time give the best service and courteous attention always. Remember only 5c for shines every day in the week, Sunday included and but 35c for cleaning and reblocking hats—JAMES NICK, Prop.

Stewart Is Found Guilty Of Assault

"Guilty" of assault and battery was the verdict of the jury in the case of Wiley Stewart, 30 years old, brought before Judge Stephenson in Common Pleas court Thursday on a charge of shooting with intent to kill his brother, William Stewart, on the night of Sept. 9 last. The case went to the jury shortly after two o'clock

yesterday afternoon, and two hours later, through its foreman, C. A. Zull, reported to Judge Stephenson, with the verdict. The court promptly released the defendant from custody on his own recognizance.

The shooting, which resulted in William Stewart receiving a wound although both on the witness stand, took place at a 22 caliber revolver, in his right

hand, and the defendant stoutly insisted it was purely an accident. Attorney T. C. Beatty appeared for the defendant and Prosecutor Sheppard for the state.

Much Interest Shown In Union Services

The best crowd of the week was present at the union evangelistic services last night at the First Presbyterian church. As the week progresses, the singing shows the result of Mr. Wileand's direction. Portsmouth is indeed fortunate to have such a song leader as this man, who has led the singing for some of the largest tabernacle meetings in the country.

The evening's message was brought by Rev. D. C. Boyd, his theme being "Driving Power." This practical sermon, which was delivered with much earnestness, was a fitting one to follow Dr. Chandler's inspirational sermon of the previous evening, which was vivid, by the speaker's purpose.

Rev. C. E. Severinghaus, pastor of the Franklin Avenue M. E. church, was an interested member of the con-

MANY WOMEN

Of course women are happier today. The vacuum cleaner, the electric washing machine, the telephone—oh, so many things our grandparents and parents didn't have to make life easier, healthier, happier—most of us now have in our own homes.

HAPPIER TODAY

And this is the season of the year when we all want more time to spend outdoors. The parks, the beaches, the farms, the cities—all have a special appeal when the sun shines. But the average home is built to live in; to sleep in; to eat in, and these things mean work, and work takes time.

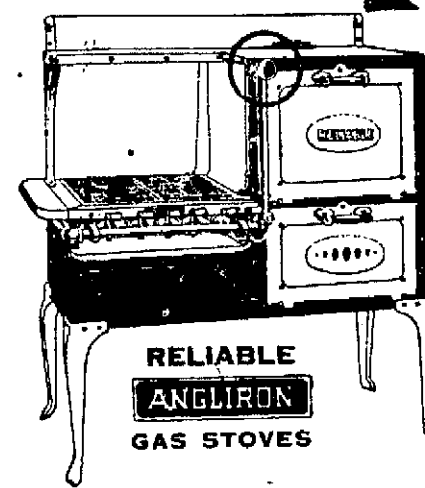

Free 30 Day Trial and Home Demonstration

Now Comes Another Great Invention

—an invention that takes the drudgery out of cooking—an invention equal to the vacuum cleaner, the electric washing machine—is even greater, some say.

And the great invention is the "Lorain" Oven Heat Regulator. It takes the drudgery out of cooking by making it possible for you to boil, bake, roast, stew, in the oven all at the same time—prepare a whole meal from soup to dessert.

The "Lorain" enables you to can fruit just by filling glass jars with fresh fruit and water, and then placing the jars in the oven for an hour. Oh! It does so many things you just won't believe until you actually try a "Lorain-equipped" stove.

RELIABLE
ANGLIRON
GAS STOVES

Try This Great Invention—FREE

Try it in your own kitchen. Try it for 30 whole days. Prove to yourself that this gas range is the most wonderful thing ever offered American housewives.

It will cost you NOTHING to call at our store—NOTHING to ask us to send a range to your home—NOTHING to have the stove set up, and your old stove disconnected—NOTHING to have a trained expert visit you to help you prove our statements.

It will cost you NOTHING to use the new stove for 30 days—NOTHING to use it if you don't want it—NOTHING to have your old stove reconnected. Now, honestly, do you think you'll ever read an offer more fair than this?

RELIABLE ANGLIRON GAS RANGES WITH LORAIN OVEN HEAT REGULATOR

Without Heat Regulators, these Stoves would still be equal to any gas ranges made. But—WITH the "Lorain" Oven Heat Regulator this Stove becomes a labor- and time-saving device that NO woman who cooks, and who takes pride in her cooking, her health, her appearance, can afford to be without.

Wonderful Change In Whole Family

"I gained 12 pounds, my wife gained 26 pounds and my daughter is gaining day by day taking Taulac. It's the biggest surprise of our lives and all our friends and neighbors are talking about it. This medicine has made a wonderful change in every one of us. Before I got Taulac, I could hardly drag one foot after the other. I had indigestion perfectly awful. In fact we were all regular dyspeptics. We all swear by Taulac now at our house. It ought to be in every home. It's the world's greatest family medicine."

The above statement was made by George L. Tessa, a well-known and highly respected machinist, living at 63 Downing St., Buffalo, N. Y. Taulac is sold in Portsmouth by the Fisher and Streich Pharmacy and leading druggists everywhere. Advertisement.

Eagles To Burn Mortgage

Plans for the burning of the mortgage on their building Second and Court streets were made last night by the Eagles. The lodge bought the building in 1914 for \$15,000 and paid off the debt many years before they had expected to pay it.

Since then many improvements have been made to the hall and last night Wednesday night, Oct. 26 was the time set for a big celebration when the

mortgage will be burned with fitting ceremonies. This special meeting will include a card party and dance, the night to be known as opening night of the new hall and lodge home.

The local lodge is also planning to celebrate Armistice Day Nov. 11. This is flag day with the Eagle lodge the world over and the national lodge is setting Nov. 11 as flag day among Eagles everywhere.

Thirty cats, kept by the Paris cup company, have been ordered to be destroyed by the city health authorities to destroy the rats, which do great damage to the city. The cats disappeared mysteriously a few days ago. It is thought they were killed for their pelts on account of the great rise in the market price of skins which are used in the manufacture of fashionable furs.

Agricultural Bloc Says It Will Dictate The Style Of New Tax Bill

By DAVID LAWRENCE
WASHINGTON, Oct. 14.—The agricultural bloc in the Republican party which calls itself the "progressive" group has been strengthened instead of weakened by the overtures made to them by conservative Republican Senators in the last few days. They are openly saying the new tax bill will not be a compromise but practically as they dictate it.

TO GAIN WEIGHT

Fisher & Streich guarantees Eliza-Phosphate to rebuild shattered nerves; to replace weakness with strength; to add body weight to thin folks and eradicate ambition in tired-out people.—Advertisement.

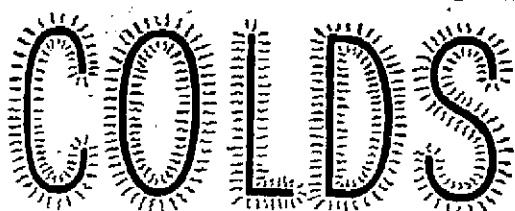

Thus the Republican leaders face the prospect of having to vote for a bill which they do not themselves like and which does not follow the original desires of the administration. It's this tax bill or none, however, and the measure has to be put through during this session or else Republican prospects for the Congressional elections next year will be dimmed. It's curiously analogous to the situation which developed over the Versailles treaty. The Republicans had enough votes to include a series of reservations in the ratifying resolution. These reservations were so objectionable to the Democrats that they declined to give their votes to make the necessary two-thirds to insure ratification.

Not Will of Majority
In the tax controversy, the final bill as it passes the Senate will really not represent the will of a majority of the Senate at all. For when the Democrats vote for amendments in support of the agricultural Republicans they will be framing a measure which as a whole they oppose. Whether the Democrats actually find it necessary to vote with the progressive Republicans or whether the conservative Republicans accept the amendments of the progressive group doesn't change the situation much. In the end, the Senate will bring out a hybrid measure.

Leaders Haven't Played Cards Well
There is considerable doubt in the minds of observers here whether the Republican leaders have played their cards well. Fearing the power of the agricultural bloc, they promptly deviated from the original Harding-Mellon program as it passed the House. Had they forced the agricultural Republicans into an open coalition with the Democrats, the defection might not have been so great as was claimed would be the case. Party regularity is a much more serious matter for most of the agricultural bloc than they are willing to admit. The pro-

Railway Executives Take Up Proposal To Cut Transportation Charges

CHICAGO, Oct. 14.—Confronted by a possible railroad strike over wage reductions and insistent demands from shippers for lower freight rates, railway executives, meeting here today, discussed a proposal to reduce transportation charges in proportion to future wage reductions. The railway executives, it is reported, also will consider a proposal to seek an amendment to the transportation act transferring to the interstate commerce commission the wage adjusting authority now vested in the railroad labor board. The railway executives declined to indicate what definite steps were under discussion for proposing further wage reductions, which under their plan would be necessary before shipper would expect freight reductions. The July wage reduction of 12 per cent ordered by the railroad labor board, the executives declared, merely

starved off bankruptcy for many roads. The strike vote of the brotherhoods and shop crafts resulting from this wage cut, it was declared by the executives was but a force to ward off any further wage reductions. Some of the union leaders admitted that the vote did not mean a general walk-out of the railroad employees, although it was reported that October 30 had been tentatively agreed upon by the union heads for sectional strikes of the employees if strikes were finally decided upon.

"The men do not want to quit work," said W. G. Lee, president of the Brotherhood of Railway Trainmen. "The officers of the various unions do not want to declare a walk-out, because they know such action would be foolhardy."

An opportunity to present the employees' claims to the conference of executives was asked in a message to T. Dewitt Cuyler, chairman of the conference, it was said, and several of the union chiefs were still in the city awaiting results of the executives' meeting.

The special committee of the Association of Railway Executives, which conferred last week with President Harding and other government officials on the railroad situation, will present the plan to lower freight rates. The committee included President Cuyler, representing the security holders; Samuel Rea, president of the Pennsylvania system; President Smith of the New York Central; President Hale Holden of the Burlington; and Julius Kruttschnitt of the Southern Pacific board of directors.

NEW BOSTON

Immanuel Baptist Notes
Since the record attendance of 258 last Sunday morning showed the real number of the congregation, it would be well for each and every member of the church to see if even more might be present next Sunday.

Northern Baptists are planning to fill a "Ship in Fellowship" for the sufferers of Europe. This call will be presented next Sunday morning so that all may understand and have a part.

Plans are being laid for the cooperation of the members of the congregation to cooperate with the Red Cross in the amelioration of suffering in New Boston this year. A call will soon be made for the formation of a production committee.

Every succeeding meeting helps to develop the interest in the revival services at the Ohio Avenue Christian church. The evangelist, P. E. Britton, brought home some "hot shots" for people who lack faith in God. He claims if we have real faith, God will give us great working power and marvelous results in our efforts to save souls.

The reason some people put so little into it is that they put so little into it. Some people think that God owes them salvation without any effort on their part. God has done His part and Christ has been faithful to all His obligations. Thus it is up to us to present to Him our bodies as a living sacrifice, wholly acceptable unto Him which is our reasonable service. Your faith is a true barometer of the power that you possess.

The same standard of faith in an individual is the same as in the church. The Lord is always on the job, you will never catch Him napping. So if we are his followers we should

always be up and doing.

You know there is always some miserable old carcass who belittles any work that makes for God. Faith is simply the assurance that what God has said in words is true, and that He will act in accordance with what He has said. Church members, how strong is your faith when you only darken the Lord's house once or twice a year? How can you influence your neighbor for right if you are not exact in your faith and real Christian living. If you love the Christ come and wave the gospel banner high, tonight. All are invited to hear the sermon on the subject "Obedience to God's Call." Our confession at invitation Thursday night.

The W. O. W. will give a social tomorrow evening in the Davis hall on Gallia avenue. Everybody invited.

The Jr. O. U. A. M. will meet this evening in regular session in the Davis hall on Gallia avenue.

"CANAVAN" by RUPERT HUGHES

At the Eastland Theatre Tonight and Tomorrow (Matinee Tomorrow). Goldwyn Presents Tom Moore in "Hold Your Horses," A Jewel of A Picture, Sparkling With Irish Humor and Displaying Tom Moore as the Most Amazing Mischief Canavan—Added Feature: The Two Reel Novelty "Along the Moonbeam Trail."

C-Goldwyn presents Tom Moore in "Hold Your Horses."
A unique theme is the basis of the latest Goldwyn picture featuring Tom Moore, entitled "Hold Your Horses," by Rupert Hughes. It comes to the Eastland Theatre for three days, commencing last night. Here is the story: From the old country, Daniel Canavan (Tom Moore) came to New York and followed the calling of street cleaning. One day while on duty he was run down by a carriage occupied by Beatrice Newnes (Naomi Childers) a wealthy society girl and Itodman Cadbury, her swell suitor, so what nerve Canavan did have was lost and he took a job with a blasting gang. A red flag was thrust in Canavan's hand and he was told to keep the traffic back—his first taste of authority and he "grew drunk" on it. He even went home and gave his quarrelsome wife a dose of her own fist medicine.

His growing aggressiveness attracted the attention of Jim James, political boss, and as a pupil, Canavan rose rapidly. It was in his new authority of political boss that he next met the beautiful girl who had run over him. The subsequent happenings have been woven into one of the most delightfully stirring stories ever screened.

A GOLDWYN PICTURE

HOW TO BE HAPPY THOUGH MARRIED

"The Colonel's Lady and Mrs. O'Grady are sisters under their skin," wrote Mr. Kipling. And Mr. Canavan, having married for the second time, agreed with him. His first wife was Irish and weighed about 250, and was fond of tapping him with a poker. His second wife was wealthy and blue-blooded and a snob. But they both responded to the same treatment. See this delicious comedy and learn the secret.

Federation of Labor. With the exception of the piece work order, all the rules dealt with minor and technical shop practices.

As an amended, rule No. 1 reads: "Eight hours shall constitute a day's work. All employees coming under the provisions of this agreement in this schedule of rules or as may hereafter be legally established between the carrier and the

employees, shall be paid on the hourly basis."

This rule is intended to remove the inhibition against piece work contained in Rule 1 of the shop crafts national agreement and to permit the question to be taken up for negotiation on any individual railroad in the manner prescribed by the transportation act.

CHICAGO, Ill., October 14.—The railroad executives, among whom were a score of the leading railroad officers in the country, expected to conclude their discussion in one day, taking

swift action on the wage and rate reductions. The initiative in asking reductions would be taken by the individual roads, according to those attending the meeting, rather than by the association. Varying conditions in different parts of the country would necessitate different rates of wage reductions, they said, although groups of roads in similar regions might act together. Application for wage reductions will be made to the United States railroad labor board and for freight and passenger rate reductions to the interstate commerce commission.

None of the brotherhood chiefs would

deny or confirm reports that October 30 had been tentatively decided on to begin calling out employees. Progress was temporarily halted in the brotherhood discussions, pending the reply of the executives to the brotherhood request for a conference. Meanwhile, the remaining groups, including maintenance of way, signal men, clerks firemen and oilers and other railroad unions, met to discuss the situation. None of them would intimate what their action might be.

With the removal of the piece work ban by the labor board, the shop men were brought one step nearer a strike. In August members of the six unions, affiliated with the railway employees' department of the American Federation of Labor, voted to strike as a result of the July 1 wage reduction. The call was held up pending announcement by the board of its rules decision. Today's decision permitting the roads to negotiate for piece work was accepted as a defeat by the shopmen, who have opposed piece work strenuously.

Many Shifts Made

Coach Drivers of New Boston high school announced this afternoon a big change in his lineup for Saturday's game with Cattleburg at Millbrook park. May, half back has quit school. Staten, at guard has been shifted to right half in the place of May. "Staten has developed faster than any player I ever worked with," said Coach Silvers today who has also sent the other half back, Davis, to a tackle position and has taken Hanson from the line to half back. King remains at full back. Cramer, a new player, will go to a guard position and Stratton will be put on an end. Lewis who has been on end will occupy a side line tomorrow.

New Boston received word from Cattleburg today that close to 100 rooters will accompany the team.

Seven Reasons—

why we sell the pianos of the House of Baldwin and why you should buy them

Reputation—These instruments are recognized as the best not only in America but throughout the world. Highest awards at Paris and St. Louis won in competition with all well-known makes prove their merit.

Tone—The most ravishing tonal qualities ever produced have made Baldwin instruments the favorite of such artists as De Pachmann, Sembrich, La Forge, Bachaus, Alda, Scharwenka, Brown, Levitzki and Amato.

Factory Facilities—The House of Baldwin is one of the largest piano manufacturing organizations in the world. Every part of every instrument is made in the Baldwin factories. Every instrument is a Baldwin product throughout.

Selling Method—Every Baldwin instrument is sold practically direct from factory to consumer. There are no jobbers or middlemen in the usual sense. Every Baldwin dealer is a direct factory

representative—a member of the House of Baldwin. Every purchaser deals to all practical purposes directly with the makers.

Price—Immense output and elimination of unnecessary profits cuts cost to the minimum. In no other piano factories are quality instruments produced on so economical a basis. In no other selling organization are pianos sold with so little expense to the consumer.

Extent of Line—There is a piano for every purse in the Baldwin Line. The Baldwin, The Ellington, The Hamilton and The Howard provide a range of price varying from the lowest figure for which a good piano can be produced to as high as you want to go. And for those who desire a player-piano there is the Manualo also made in a similar variety of prices.

Guarantee—Every instrument of these makers bears their unconditional guarantee. There is no divided responsibility when you buy a piano or player-piano from the House of Baldwin. These manufacturers are particular to see that every instrument fulfills everything claimed for it.

What's This? Two Carloads Of Real Whiskey Go Through

Bulging eyes cast wistful glances at two big freight cars passed through South Portsmouth Friday afternoon. They contained 100 barrels of whiskey each and the wet goods are

consigned to a firm in Liverpool, England. There were four guards on each car, one inside heavily armed, and three on the outside. The fire water is being shipped from a distillery in Hannibal, Mo.

Will Break Ground Tomorrow On Addition To Lincoln School

Ground will be broken tomorrow for the eight room addition to be built to Lincoln school. The general contractors Davis-Hunt Construction company, of Dayton, have sublet the contract for excavating to Harper and Hucl, local contractors who will put

Sweet Potato Weighs 7 Pounds

Street Cars May Run Over Gallia Street Paving Saturday

The new paving on Gallia street in New Boston and through the Peoples addition will probably be opened up for street car traffic Saturday noon. Raymond D. York, vice president and general manager of The Portsmouth Street Railway and Light company, stated this afternoon.

Mr. York said that the matter has not been fully decided but that New Boston officials had indicated a willingness to allow the cars to run over the improved street, adding that the time would be definitely fixed at a scheduled conference with the village officials tonight.

Big Fight In Workhouse

TOLEDO, O., Oct. 11.—One prisoner was stabbed and several others badly beaten in a free-for-all fight that developed during the supper hour at the workhouse farm near Whitehouse last night.

Guards with drawn guns succeeded in quieting the rioters after the fight

had continued for more than a quarter of an hour.

James Green is said to have assaulted Alfred Bell, colored, with a table knife and the attack excited all the occupants of the dining hall, a number of whom joined in the fight. Bell was slashed on the back and was removed to the municipal hospital in a serious condition. Green and another prisoner named Walker were transferred to central police station.

Rag Case Is Being Heard

Harrison Clifford and John Gaddis were brought before Judge Stephenson and a jury in Common Pleas court Friday afternoon on a charge of larceny in connection with the alleged theft of rags valued at \$2.00 from C. Sims Declines Invitation

NEW YORK, Oct. 14.—Rear Admiral Sims has declined an invitation to speak at the Armistice Day dinner of the New York chapter of the Military Order of the World War. This officer opened the admiral as writing to the chapter: "A year from now when I am on the retired list, I can say what I feel like and then I'll be glad to talk to you."

Presidents Heads The Nation's Leaders In Paying Tribute To Late Senator Knox

WASHINGTON, D. C., October 14.—Governmental affairs of the nation halted today while its leaders, headed by President Harding, attended funeral services for the late Senator Knox, of Pennsylvania, former secretary of state and attorney general.

The services were held at 11 o'clock at St. John's Episcopal Church, which he attended, and were conducted by the Right Rev. Alfred Harding, Bishop of Washington.

At the church were those prominent in American public life. President and Mrs. Harding, Secretary Christian, and the president's military aide, Col. Sherrill, occupied a front row before the black silk casket, which bore a large cluster of red roses. Behind the president were Vice President and Mrs. Coolidge, Speaker Gillett and Mrs. Gillett, Mrs. Knox, the senator's children and other relatives.

Members of the supreme court, headed by Chief Justice Taft, occupied the next rows and behind them were members of the cabinet including Secretaries Hughes, Mellon, Hoover and Weeks and Postmaster General Hayes.

Almost half of Mr. Knox's associates of the senate were present. The honorary pallbearers were the members of the senate foreign relations committee, headed by Senator Lodge, of Massachusetts, Senator Penrose, of Pennsylvania, and Senator Underwood, of Alabama, Democratic floor leader.

The house of representatives was represented by a large committee and by the entire Pennsylvania delegation in the house led by Rev. Butler, its dean, Democratic and Republican members of the senate and house sat side by side in the small church, while large crowds waited outside.

The services were confined to the simple Episcopal ritual read by Bishop Harding. Before the altar were two immense floral pieces sent by the senate and house and another from the White House. The only music was a funeral dirge by the organ.

At the conclusion of the services here, the body was taken to Philadelphia to be taken by motor to Valley Forge, the country home of Senator Knox.

Services will be held there at two o'clock tomorrow in the memorial chapel where interment will take place.

Senator Knox's seat in the senate was draped in black and will remain so for thirty days.

Governor Sproul Expected To Succeed The Late Senator Philander C. Knox

BY DAVID LAWRENCE
(Copyright, 1921, by Times Pub. Co.)

WASHINGTON, Oct. 13.—Governor Sproul of Pennsylvania is expected here to succeed the late Philander C. Knox as junior senator from Pennsylvania. Except for the timely intervention of President Harding, the Pennsylvania governor would have been a candidate in the primaries next spring opposing Mr. Knox for re-election. Only the influence of the president of the United States smoothed out a situation in Pennsylvania which for a time threatened party solidarity. With the death of Mr. Knox the story can be told far it bears directly upon the choice of his successor.

Mr. Knox was happy in the senate. He wanted to be re-elected. He had been attorney general under President Roosevelt and resigned to enter the senate only to resign again and become secretary of state under President Taft. But he finally found in the senate an opportunity to display his legal talents to best advantage and fairly revealed in the task of picking holes in the Versailles treaty and League Covenant. He was a dominant influence in the famous "battalion of death" which determined that the United States should never enter the League of Nations. Mr. Harding would have liked to make Knox secretary of state but he had not been so conspicuously identified with the factional fights in the senate.

Mr. Knox was in ill health yet he was considerably annoyed by reports that his advanced age was interfering with his possible selection as secretary of state. After Mr. Hughes was appointed, the Pennsylvania senator, who had not been devoting himself very much to the task of political forces in his home state came to realize that his position, which opens at Music Hall tomorrow.

The governor had made up his mind to run for the senatorship. Mr. Knox told President Harding the situation. The president invited Gov. Sproul to the White House. He didn't specify in advance what the subject of the conference would be.

As Gov. Sproul entered the executive offices of the White House, the president stepped forward and greeted him cordially.

"I want to discuss some matters with you," the president is quoted as saying. "And there's a man here I would like to have with us."

At this moment Senator Knox stepped into the room. He had been waiting for the governor's arrival. What ever surprise the sudden appearance of Mr. Knox had for Gov. Sproul was immediately dispelled as the president put his arm about the senator's shoulder and, according to the story, said: "I want you to know, Governor Sproul, what strong support I have had from Senator Knox in the senate. I have come to be largely dependent upon him and upon his sound advice. I would esteem it a great loss not only to myself but to the country if any holes in the Versailles treaty and League Covenant should interfere with his re-nomination and re-election next year."

It is said that Gov. Sproul smiled most affably and assured the president that he knew of nothing political that would prevent this re-nomination of Mr. Knox. He told the president that Senator Knox would have his full support. Not long afterward, the president went to Valley Forge the home of Senator Knox, and spent a week. Gov. Sproul, Senator Penrose and others prominent in Pennsylvania affairs, came to call on Mr. Harding. Shortly afterward, Mr. Knox told his friends here that the situation had been straightened out and that he was assured of re-nomination. So he went to Europe for a couple of months and had just returned to Washington this

On Trial For Fraud

TOLEDO, O., October 14.—L. G. Neely, of St. Mary's, former president of the Berea Pipe Line Company, said to be the government's star witness in the trial of Jesse W. McDowell, prominent Pittsburgh business man, charged with using the mails to defraud, resumed the stand today to continue his testimony.

McDowell, his government contends, used the mails in conspiring to defraud the Cities Service Company and the Henry L. Doherty Company of a million and a half dollars in commissions and stocks while acting as purchasing agent for the company.

In his testimony yesterday Neely declared that McDowell appropriated over \$116,500 as his commission in the sale of a certain Kentucky tract, which lies in the Berea oil lands. Neely then president of the Berea Pipe Line Company helped engineer the deal.

LOSES BAR PIN

Miss Blanche Smith, bookkeeper at Hempstead hospital, had the misfortune to lose a gold bar pin between the nurses' home and the hospital Thursday night. She would greatly appreciate its return to the hospital.

CLEVELAND, O., October 14.—Two persons, a mother and daughter are dead, three are in a serious condition in a hospital and a fourth was recovering today from the effects of eating false mushrooms.

Mrs. Clara Neuman, 26, died Wednesday morning. Dorothy, her seven-year-old daughter, died yesterday afternoon in a hospital. Her husband, Charles, 33, and daughter, Harriet, aged 5, are in a serious condition, as is James Neuman.

The party gathered the "mushrooms" on a farm while on an outing Sunday.

Healer Is Exonerated

SPRINGFIELD, O., Oct. 14.—N. J. Chakores, claiming to have a "divine power" to heal by "touch," was exonerated this morning when tried in the local police court on a charge of practicing medicine without a license. The charge was preferred by an inspector of the state medical board.

The principal witness for the state testified that Chakores treated him by the "touch" method, but that when he tried to give the "healer" money, Chakores put the money back in the patient's pocket, telling him he does not take money for his services, and that the patient needed the money more than he did.

About fifteen other persons, patients of Chakores, appeared voluntarily in the court room to testify in Chakores' behalf. One man, who said he was paralyzed for sixteen years, walked unaided about the court room as evidence of the power of Chakores to heal.

Ellsessor, P. H. S. Star Backfield Player

Ellsessor, who is showing up to a big advantage in the P. H. S. backfield. The local lad is an accurate passer, a swift runner and can hit the line as hard as any of his backfield comrades. This is his first year in football, but he has worked hard since his first day out and by his hard efforts has won a place on the first team his first year out, which means he will be heard from in his several more years in the local school. Ellsessor is expected to prove his worth against the strong Huntington eleven tomorrow.

The locals were put through a stiff workout yesterday on the Sixteenth street field. The main work of the afternoon was the perfecting of passes and end runs by the first team and the breaking up of expected Huntington plays, the second team putting through the Huntington plays. Brock will probably be at fullback tomorrow with Conliffe playing the other half. Fride, who has been suffering with a bad ankle, will probably get in at quarterback with all the regulars in the line, with Manning and Monk at the end positions.

P. H. S. will go into the game greatly outwitted, for Huntington averages 168 while the best the P. H. S. eleven will do is less than 150. Outweighed more than 18 pounds to the man, the locals will have a tough job stopping the over-ripe eleven. If H. S. has not been scored on this occasion and P. H. S. is going into the battle to break this record. In 1919 H. S. won from P. H. S. 7 to 0 and last year the teams battled to a 14 to 14 tie at Huntington. Captain Cressy, Conliffe and Fride are the only players on the team this year who played against Huntington last season. So far this season Huntington has won three games, beating Gallipolis 47 to 0; Ashland 28 to 0; and Marietta 20 to 0.

The Huntington lineup and weights is as follows: McCaffrey, left end, 154; Britton, left tackle, 161; Capen, left guard, 165; Yates, center, 190; Downing, right guard, 161; Sagvares, right tackle, 170; Charles, right end, 141; Martin, quarterback, 137; Frier, left half, 168; Wooley, right half, 126; Headerlin, fullback, 170; McCaffrey, Britton, Sagvares, Charles, Martin, Wooley and Headerlin are classified as stars by Coach Wilson of Huntington.

Seriously Ill

Edward Anderson is seriously ill at his home on Second street. He is a shoemaker.

Emil Meusel Is Real Star

Probably the outstanding star in the big noise was Emil Meusel, star out-felder of the Giants. He fielded beautifully and hit when hits were needed to drive in runs. He played all round his brother Bob Meusel in the Yank's lineup.

To Stop Fight In Wichita, Kan.

Yanks' Alibi

NEW YORK, October 14.—New York went back to work today after partially forgetting business for more than a week because it interfered with interest in the world series.

A few of the more enthusiastic fans decided to wait a while before returning to their offices to the grind stone. They felt it wholly befitting to sit and talk about what a great thing it all was—this triumph of the New York Giants over the New York Yankees, five games to three, in the first world series that Manhattan ever enjoyed to itself. These fans opened the "Hot Stove League" season with fervor. Much of their chatter concerned yesterday's finale in which the Giants beat the Yankees 1 to 0.

The Giant rooters contended their favorites were the game in baseball and cited how, after they had been shut out in the first two contests, the McGraw men fought back, winning five of the last six games.

Supporters of the Yankees countered with the observation that unfortunate breaks in luck lost the last two games for the American League, whose pitchers, Mays and Hoyt, performed magnificently and deserved shut-outs. And they also would have Giant fans remember that Babe Ruth, in the matter of clouting baseballs, played the early games handicapped by a multitude of injuries which forced him out entirely in the final trio of contests.

Everybody agreed that one big reason the Yankees lost the title after starting out like whirlwinds, was the failure of their heavy hitters to hit heavily.

"Nobody can say we quit," Babe Ruth declared. "It's too bad we lost, but even in defeat we fought hard until the last man was out. The Giants got the breaks in the last two games. Luck was with them, but we gave them a real fight."

Arthur Nehf, who twirled the Giants to the world's championship in the

final game, said the ninth inning was the most thrilling he had ever pitched. "I knew I had victory and the title within my reach when I walked out to the mound for the ninth," he continued. "I was not disturbed when Ward walked and Baker stepped to the plate. I remembered that Baker beat Mathewson in a world's series by making a home run in the ninth inning. I pitched carefully to Baker and when Runnels stopped that ball it took a great load off my mind."

Waite Hoyt, the defeated twirler, was almost hurt broken at his failure to win his third straight game over the Giants. "I gave the best I had," he said.

The "turkey series" played off by the Meusel brothers, Emil of the Giants, and Bob, of the Yankees, was won by the former with a batting average of .345 to Bob's .200. In 29 times at bat, Emil scored four runs and made ten hits for a total of 17 bases. The Yankee Meusel, in 30 trips to the plate, scored three runs and made six hits for a total of eight bases. Under the rules of the series, proposed by Emil, Bob must furnish a Thanksgiving dinner for the whole Meusel family.

Babe Ruth, long known as the king of clutch and Sultan of Swat by his subject's fans, was formally crowned in the club house after the final game of the series. Manager Miller Huggins officiated at the coronation ceremony, placing on the regal head \$800 worth of silver crown, presented by admirers. The crown was inscribed, "King Ruth."

New Boston Hi All Set For Catlettsburg Hi

The New Boston High school football eleven is all set for the big game with Catlettsburg high school tomorrow on Millbrook gridiron.

The game will be started at one o'clock in order to get it over in time to allow the football fans to go to Portsmouth to see the high school game at the Sixteenth street field.

The New Boston eleven has been

working hard this week to get in first class condition. Coach Silvers realized that his lads are taking on something big for Catlettsburg has always boasted of a strong team and this is only the second year New Boston has had a team in the field. This is the first season New Boston has tackled the big school as Catlettsburg, Ironton and Portsmouth. Heretofore N. B.

played Oak Hill, Waverly and like schools.

Everyone who intends to see this contest should be on hand at one o'clock for the game will start right on the minute. The game will be rushed through so the crowd can get to the Sixteenth street field in time to see the Huntington-P. H. S. game.

Last Workout For P. H. S. Eleven Before Big Game With Huntington Team

Darkness overshadowed the field Thursday, which signalled the end of the P. H. S. warriors.

The time seemed too short between 2:30 and 5:30 p. m. as the crew reluctantly heard the coach's call. "That's all—run in!" Rather would these men linger on and repeat their signal practice or play with the ball in scrimmage. Constantly the thought of Huntington loomed up in their mind—a big formidable foe—but one that must and would be conquered.

The workout was probably the hardest of the unintermittent type but what do they care, when work is the mother of conditioning. Never a thought or sign bespoken of the fact that every man must not be in the pink of condition for this keen rival. Never before did a squad enter signal practice or scrimmage with more interest or zest entered on by the so much coveted victory over the heretofore undefeated enemy—Huntington.

The spirit "never say die" shown in every candidate's action. Their kicking was fierce and low, the line plunging was that type that broke smiles of appreciation from their coach and onlookers. The line from

end to end showed charging that was low and hard. Holes were opened in the line for the speedy, determined backfield men. Each backfield man striving to increase his yardage by twisting and turning.

On defense the heavier team charged in madly, often breaking up plays before the lighter team had vainly tried to gauge through the heavier line, they fell back to the aerial route, but this likewise found its doom in the fast charging big tackles and ends.

Time and time again, the bewildered passer was downed in his tracks, unable to reach the end zone. "How did these birds get in so fast?" Then the heavier team went on the offensive. Then it was their turn to be surprised. The air with remarks, "Harder, harder, harder, twist, keep going, fight, fight, fight, that's the spirit. Alright, alright, let's go, why the pink ten tefeleto?" Again there is the sound of on-rushing backfield men and the smash of human contact. This was kept up the entire afternoon with only brief breathing spells where in the coach made corrections.

It seems as though the fact that six of the star players who are on the ineligible list due to injuries or studies stepping in at the worst time, did not dampen the squad's hopes, that victory will be theirs on Saturday.

It surely was an inspiration to the onlookers to watch a light "peppy" determined squad drill on and practice with that never-tiring spirit. One almost felt as though he as an onlooker had acquired the pep and would like to see if he could not romp with ball through that zealous attacking bunch. One moment it causes one's blood to tingle joyfully through every vein at the slightest gain, the next moment as the ball is shot through the air, one watches with tense muscles and bated breath to see whether or no the receiver will catch the ball. Gee—but it's the real sport to envision these boys autumnal days. What do you say, Portsmouth citizen, let's all be there to root for our hard-working, scrappy high school aggregation. Remember the time and place Sixteenth and Findlay at 2:30 p. m. Saturday, tomorrow.

Drew League Opens

The Drew League opened last night at the Play House, with three good games. The Butchers and the Crowners. The Butchers took the first two easily, but the Crowners gave them a hard battle in the last. Gwynn of the winning team was the only man who seemed to make the amplus fall for any kind of a score at all. His high game was 308. Healer who can usually be counted on to come across with something big, surprised everyone present, himself included, with his score of 401. Here's how the pins dropped:

Here To Stay

"Shoe shines are already down to five cents and will stay at the nickel price as long as I remain in Portsmouth," said James Nick of the Palace shoe shine parlor on Chillicothe street in reply to reports that the price would be back up to a dime in a few days. "I am ready to put up \$1,000 or \$10,000 to prove that the price will remain at five cents," said Nick this morning. He avers he has no intention of leaving Portsmouth.

Soft For Players

NEW YORK, Oct. 14.—The 1921 world series ended yesterday, set new financial records. The total receipts for the eight games were \$900,233, contributed by 269,970 spectators.

This was \$177,819 more than the best previous gate, collected during the 1919 series between Cincinnati and Chicago, when \$722,414 was the total for the eight games of that year. The attendance this year was also 18,075 greater than the eight games which witnessed the Giants-Boston American play in 1912 when the total count of that post season classic registered 251,901, which has stood as a record for nine years.

As a result of the enormous gate receipts all these who participated in the sharing of funds will receive more than any of their predecessors. The Giant players, as winners, collect 60 per cent of 75 per cent of the players' share of the receipts for the first five games, amounting to \$131,635, which divided among some 23 eligible men, gives approximately \$5,265 each. The Yankees 40 per cent share amounted to \$57,566.7, about \$3,510 each. Under the plan of distributing 25 per cent among the club players finishing second and third in both major leagues the Cleveland Americans and Pittsburgh Nationals will divide \$43,878.34 equally, while the two St. Louis teams, as third place clubs, share \$20,252.22.

New-York-Day-By-Day

BY O. O. McINTYRE

NEW YORK, October 14.—Thoughts while strolling around New York: A fine day in the park. Wish somebody would take me to the park. A great St. Bernard dog. Let's see! Don't they carry flasks. Not that I care—heaven forbid. A painter with his palette in the hollowed and up-rearing rocks.

Puppets in a window pouring yellow butter on a sizzling table. Always food—and the urge to buy. A medium's parlor. Two flights up—and shipping Antelope awaits, with news of the other world. Now that Hill Hart is in town all the movies are showing him.

Willie Collier is growing stout. The kindling stores open for the winter. Wonder if I could carry those great loads on my head like the kindling women! A queer looking emaciated man with black beard and black cassock. Snacks of Egyptian sorcery.

A great book store. The clerks in book stores are always patiently kind. They never hurry you. And they seem to have read everything. An old man caught in a traffic jam. His face contracted in tense horror. Ah! There's a word men.

Earl Carroll's theatre is nearly finished. An angry man stamping his feet. When I get mad I slam doors. And I'm some slammer. There's Frank Hope congratulating Sam Harris on his new theatre. Wagons loaded with steamer luggage. Think of a cruise de luxe to the Mediterranean these days.

But what a chance with the old wolf howling at the doorstep! A broken down play-wright. They never think they're through. Yet they rarely come back. English great coats with leather buttons. Velour hats pulled over at one side. Cane with strap handles. A marvelous day just

to loaf around and dodge work. Yes, officer, I'll go along quietly.

Greenwich Village, which recovered recently from an attack of merris, now has a new life. Isn't it a pity? Many of the cable d'hole patrons are all marked up with sea bites and the Village can't talk of Art for scratching.

A magazine editor tells me that twenty-five active newspaper men in America have won such notable success at fiction this summer that they have given up their jobs. Most of them avoided the treacherous magazine love story and the turgid tale of big business and wrote of romance, adventure and mystery with the locale in New York or European capitals.

The actor's outlook upon life is supremely optimistic. I have a friend who has been rehearsing for a month on the road. The show came into New York and received good notices from the critics. It looked as if it might have a fair run. He was in my apartment telling a funny story preparatory to going to the theatre. In the midst of the story the phone rang and he was wanted. He talked a minute or so and returned to finish the story—which he did in an amusing way. Before he left, he said: "Oh! Yes, that phone call was to tell me we close tonight." There wasn't a word of regret or complaint.

A queer bit of psychology is noted in connection with the jobless men in New York. The charitable lodging houses are only half filled, but the public parks are crowded to capacity. The men who are out of work, it appears, do not want to accept charity. They prefer the discomforts of sleeping in the open these chilly nights.

TOPICS OF THE TIMES

By W. G. SIBLEY
The Sibley Service, California, Ohio

An Abominable Reception

Have we in the remarkable scenes enacted at Los Angeles when a moving picture star indicted for manslaughter returned to the hunters of moving picture society, an incident which fairly reveals the standards of propriety which prevailed among the public favorites of the screen? If so, it is high time for a cleaning.

We see the man who must go to trial for the death of a young woman which was, in the most charitable view, at least an accident in the course of highly improper conduct, greeted by the hugs and kisses of women prominent in movieland, and the cheers of men. We see him in his luxurious residence holding a gay reception, smiling, kissing his women guests, in what was regarded as a triumphal home-coming.

Why triumphant? Because the hero was held for manslaughter in stead of first degree murder. We have from the beginning regarded the case as an accident. Manslaughter is an accidental killing resulting from assault and battery. It is not yet clear to us that there was assault and battery. The testimony on that point is conflicting. But there is no doubt, can be no doubt, that the surrounding incidents in this case were grossly vulgar and immoral.

The social occasion on the return of the offender was highly offensive to decent society, an insult to public morals, a revelation of a white-hot septic sore that should not be forgotten nor passed over lightly.

Voting For a Strike
It is a high average of discontent.

Growing Girls

Most mothers are bothered in finding the proper shape for the children's feet, and frequently when they do, there's no fit to the shoes. I have two combination shoes for growing girls that have all the fitting qualities of the higher grade shoes. Black and brown, good oak sole leather welt sewed, medium full toes, shoes that stand up under hard wear and can be re-soled time and again. Seven-fifty for the best grade, five for another and two others at four and three-fifty. Last season these same qualities were two-fifty to three dollars a pair higher.

which an officer of the Trainmen's Brotherhood attributes to his organization when he says: "Our past experience has been that 98 per cent of the men will always vote to strike." This is a higher average than obtains in the formation of a mob. Mob psychology, which influences a body of men to commit deeds no single one of whom, no half dozen of whom, would for one moment be guilty of doing, is no worse.

Does the mob spirit control the railroad brotherhoods when a strike vote is on? Do these organizations decide the grave question of entering industrial war, with all its losses, hardships and unhappy results, under the same lawless impulses which control a mob? Is there no independent thinking, no cool consideration, in the decision of a choice between work and wages and idleness and want?

Such an extraordinary proportion of men always willing to hazard their livelihood argues almost entire lack of prudent thinking, and must result from a practically universal belief among them, that a strike is always to their benefit. Who or what has fixed this false conviction upon them?

Nobody could imagine an organization of any sort outside the labor unions habitually holding such an attitude toward the strike, such a willingness to desert their jobs and their wages, such a reckless and unthinking disregard for consequences to themselves, their employers, and to the country. Men must be tightly shackled to do such things; bound by something more than love for their families, than honor, or than teachings of stronger religion.

The Bible and the Schools

The Supreme Court of the United States is to be asked if the Bible can be legally excluded from public schools. This action, brought by the Presbyterian Church, may throw some light on the mooted question whether this is or is not a Christian country. Certainly it is enjoying the benefits of a Christian civilization.

We deplore neglect of the Bible and its teachings, but do not permit it to be read in our schools. Then we wonder why our children grow up ignorant of Bible truth and careless of its teachings. But we are keen to have the schools teach them everything else.

The average cost of producing a business letter, including stenographic service, office overhead, postage, printing or lithographing letter paper and envelope, and the paper and envelope, total 18 and 4-tenths cents, according to the careful figures of a paper manufacturer. These figures ought to make postal cards popular for brief communications.

Imagine any man doing clear, patriotic thinking in the garb of the Ku Klux Klan! Its regalia is that of simpletons and easy marks.

"Society requires decency" says a newspaper headline. And very little of it at times. Indecency seems to be the high card in many publications.

Early Fall Limericks
There was an old Turk in Therapoy-he
Who of wives longed to have a monopoly.
Said he: "I'll just scare 'em
Right into my harem
If the silly things won't be won
propagand."

A clergyman told from his text
How Samson was barbered and vexed.
He told it so true
That a man in a pew
Got rattled and shouted out "Next!"

A maiden at college named Breeze,
Weighed down by B. A.'s and M. Deceze
Collapsed from the strain.
Said her doctor: "Tis plain
You are killing yourself by degreaze."

He Was Talking to It
While pulling one of the wards lately
The canvasser, after inquiring for the
man of the house and learning that he
was not at home, asked the following
question of the woman who had answered
his knock:
"What party does your husband be-
long to?"
This was the reply: "I'm the party
my husband belongs to. What about
it?" —Columbus Dispatch.

The True Reason
Sharetail: "So they banished you,
Bob? Why?"
Bobtail: "For slapping a mule's
face."
Sharetail: "Why, that isn't any
thing."
Bobtail: "I know it but this mule
happened to be parked with his rear
facing my colonel."

Hard Stuff
"What sort of man do you think
would make a good husband for a
widow?"
"A revenant."

A Beginning
The Theosophist: Does your husband believe that his soul leaves his body while he sleeps?
The Materialist: I'm not certain; but he's got a suspicion that his money leaves his pockets.—The Bulletin, Sydney.

The Shock of His Life
Suitor: Mr. Perkins, I have courted your daughter for 15 years.
Perkins: Well, what do you want?
Suitor: To marry her.
Perkins: Well I'll be hanged; I thought you wanted a pension or something.—Boston Transcript.

Unlimited Ability
The town band had been royally entertained in a neighboring village where a concert had been given. On the train home the conductor had some trouble getting the ticket of one of the musicians. After several futile attempts to get his fingers into his vest pocket, the musician gave it up and announced:
"I've lost th' dang thing."
"Come, come," ejaculated the conductor encouragingly. "You couldn't lose a thing like a railroad ticket."
"Oh, I couldn't, hey?" retorted the other, with indignation. "Y' don't know me. I just lost the bass drum, thass what I did!"

Flashlights
Even if everything happens which the pessimists predict it will still be fun to live.
Women do queer things, but man is the only animal who will bet a hat on any proposition.
The sea of matrimony is the only ocean that amateurs insist on navigating and refuse to listen to the counsel of experienced travelers.
Don't brag. Somebody some day will be doing your work better than you ever dreamed it could be done.
It would take more than the high cost of living to discourage the young man who has made up his mind to marry.

Who says the world isn't improving?
We can remember the time when carpet-beating was every man's spring occupation.—Detroit Free Press.

Unprepared
"What kind of climate will we find on this island?" the shipwrecked dancsel wanted to know.
"Hot, sultry, stifling, no wind, no rain, no snow," the captain predicted gloomily.
"And I haven't even brought my furs!" lamented the modern maid.

Just As Good
"I'd like to take a Turkish bath but I haven't the price."
"Don't spend money. Just step into this phone booth and wait until Central gets your number."

He Knew the Game
It was a long dreary trial and the judge and everybody else were frankly bored. Mose was on the witness stand to testify as to a crap game raid.

"You insist the negro you saw escaping from the raid was a mulatto?" demanded one of the lawyers.
"Yassuk, he was very light."
"But it has been shown that all the parties in the game were very black."
"Kaint help dat, sah. Dis boy was plain yellow."

"Perhaps," interrupted the judge wearily, "the change in complexion was due to the fact he had been faded so many times."—American Legion Weekly.

A Possible Chance
"The janitor was drunk today," related Mrs. Cudyslat, "and—"
"Great snakes!" interrupted her husband, "I'll go right down and see him. He may be still drunk enough to give away where he got it."—Boston Transcript.

She Was Satisfied
May:—"Are you sure that he thinks of nothing but you?"
Grace:—"I should say so. Hasn't he just lost his position because he couldn't keep his mind on his work on account of thinking of me?"

Osteopathy

The principle of Osteopathy is adjustment, and the spine is the chief structure of the body to which the Osteopath directs his attention, believing, as he does, that the nutrition to every organ and tissue of the body comes from the sympathetic and central nervous system, and that any deviation from the normal of the bony framework of the spine will affect these nervous systems and thereby the organ or tissue to which the particular nerve is distributed.

Now is the best time to repair your roof, porch floor, doors and windows, before Jack Frost comes.
